Packaging Printing & Lamination

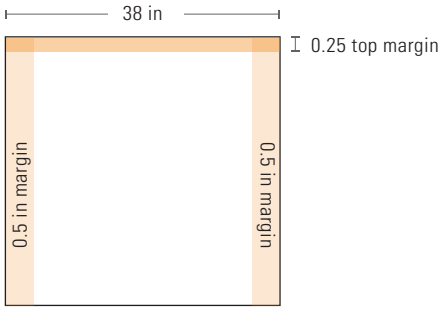
PRICING:

Printing	$15 per sq.ft.	
Lamination	$4 per sq.ft.	Lamination Options [Gloss, Luster, Matte, Velvet]
Backing	$4 per sq.ft.	

We can advise on the proper lamination to use to get the look you wish to achieve.

File Setup

- Please provide the Adobe Illustrator file with linked images and packaged fonts.
- Make sure each box is grouped within Adobe Illustrator, including its associated crop marks. This makes it easier for us to rearrange boxes for the printing process if need be.



DIMENSIONS:

-The width is set at 38 inches with 0.5 inch side margins, and 0.25 inch top margin.

-The max length is ideally 60 inches, but we can go to 80 inches or more if needed.

-Please make sure to set up your files with the set width and margins in mind.

Photography

PRICING:

$100-$125 per shot (depending on complexity of the shot)

- The files will be print ready and given as PSD or TIFF.
- We can help with logo application on photographed items

Photography & Packaging Printing Deal

- If both photography and packaging printing for a project are done with us, we can offer a 10% discount off the printing portion of the job (including lamination and backing).

Please contact Plotnet (service@plotnet.com) to discuss and schedule your printing job.
